

FAST TRACK WRISTBAND REGULATIONS 2019

We offer severely disabled or mentally handicapped people a fast track option. It is designed for guests with severe disabilities (physical or mental) to grant access to our attractions more easily and more comfortably. Thanks to this wristband, you will be able to get to the front of the queue quicker and will not have to wait in line for long.* You can get the wristband at the ENTRANCE AREA upon presentation of your severely disabled card, of aG, H or G classification in combination with B. Wheelchair users also require the wristband for a special access to the attractions.

If you are eligible to claim this priority pass, you will receive a yellow wristband. Each individual should be accompanied by a responsible person (at least 18 years of age). This accompanying person will receive a green wristband. For this purpose, you have to fill in the form below and have it signed by the responsible accompanying person. It is best to bring the completed form with you. For all other visits in the current season, please refer to the already completed form. The wristband can then be issued faster, as long as it is the same accompanying person.

Always reach out to an on-site employee before you go in and follow their instructions. If the responsible employee at the attraction informs you that the particular attraction is not safe enough in your case, he/she has to ensure that you do not expose yourself to any danger and that you do not ride. This is for your own safety. All guests must meet the minimum requirements for each attraction. These minimum requirements can be found in our orientation guide (available [here](#) or in the ENTRANCE AREA) and on the safety information signs in front of each attraction.

The wristband must be presented at every attraction without having been requested to do so. A person with a yellow wristband may only ride together with the responsible accompanying person (green wristband). A maximum of two additional people may be taken along. Indications pertaining to the access of the respective attraction can be found in our orientation guide.

We usually offer people with severe walking impediments (yellow wristband) an extra ride, however, we have to limit this on busy days. If you wish to ride again, we kindly ask you to come back at least one hour later.

*You are not granted the priority access with a yellow wristband in the Hyundai LEGOLAND Driving School (27), the LEGO Factory (30), the LEGOLAND ATLANTIS by SEA LIFE (99), the LEGO Academy (105) and in the LEGO MINDSTORMS Centre (107).

PLEASE FILL IN USING CAPITAL LETTERS

Name of the person with the disability: _____
(First name + surname)

Date of birth (DD-MM-YYYY): _____ . _____ . _____

Name of the accompanying person (at least 18 years of age):

(First name + surname)
