

LEGOLAND Deutschland Resort Park Concept: Awesome Adventures Day and Night

“Awesome awaits!” – this is the slogan for the nine theme worlds at LEGOLAND Deutschland Resort. Located in the Bavarian town of Günzburg, the park features more than 55 attractions and thousands of models assembled from more than 56 million LEGO bricks, offering a unique experience for families with kids aged two to twelve, along with various accommodation options. The resort is a paradise for young treasurehunters, pirates, explorers, knights and brave roller-coaster riders. The heart of the park is the MINILAND. You can find very detailed recreations of cities and landscapes along with famous *Star Wars*™ scenes at the LEGO *Star Wars* Model Display. Guests can learn about the building material of LEGOLAND at the LEGO Factory, which displays the LEGO brick production.

LEGOLAND Deutschland Resort offers its guests a spectacular novelty for 2017: The completely new park area LEGO NINJAGO WORLD with its interactive 4D-ride LEGO NINJAGO The Ride, many additional adventures and LEGO models made of more than one million bricks.

Join in and try it out!

For most children, heroes are brave knights, noble princesses, speedy race-car drivers or intrepid pirates. At LEGOLAND Deutschland Resort, girls and boys can slip into these roles themselves and experience their own adventures together with the whole family. In the park area LEGO X-treme kids can set free their inventiveness in the LEGO MINDSTORMS Centre and program a LEGO robot. Afterwards they can feel the centrifugal forces themselves on the Project X – LEGO Test Track. The legendary city Atlantis is part of the underwater world LEGOLAND ATLANTIS by SEA LIFE. The visitors can admire more than 2,000 tropical marine species. Among them are even sharks and rays. The numerous LEGO models do not only create a colourful habitat but also hideouts for the animals. Especially impressive is the eight meter long glass tunnel.

In PIRATE LAND, young freebooters can set sail with Captain Nick or have a wild water fight with other guests. Just a few steps away from PIRATE LAND, the LAND OF

ADVENTURES awaits the guests, where canoes plunge down a twelve meters high waterfall in the Jungle X-pedition and wild LEGO animals lurking on the sideway of the Safari Tour. Clever treasure-hunters can test their luck at the KINGDOM OF THE PHARAOHS, navigating their way through the labyrinth to the burial chamber of the pharaoh, in the Temple X-pedition.

Young architects can construct their own city out of LEGO bricks in the LEGO City Police Station. Right next door in the unpredictable labyrinth area they help the LEGO policemen look for dangerous robbers. At the Kids Power Tower, visitors both young and old can hoist themselves to new heights using their own strength. Dragon-hunters can take a trip through the giant Knight's Castle on the Fire Dragon roller-coaster or courageously take part in the Royal Joust.

Playful learning, unlimited ideas, interactivity and active fun are the core principles of the park. You can even get your first driving license in LEGO City. After the theoretical instruction at the Hyundai LEGOLAND driving school, test your skills on a street course with electric cars build in LEGO style and if you seek a more thrilling activity, you can mount the Flying Ninjago rise up to 22 meters in the sky and spin in 360° at the same time. The highlight and the core of the park is the MINILAND. Here the whole family can immerse into a fascinating LEGO model world and travel through e.g. Europe and even through distant galaxies.

Accommodation at LEGOLAND Holiday Village

In the evenings, the fun continues at the Holiday Village, right next to the Park. No matter whether families choose to overnight in one of the 72 LEGO themed holiday cottages with two LEGO themed rooms each or in one of the 136 luxurious themed-rooms at the majestic Castle complex or at the LEGOLAND Campground – a unique round-the-clock LEGO experience is guaranteed. In addition to the accommodations in LEGO Look guests await plenty of fun and action for the whole family with the Holiday Village's range of entertainment, such as the high-ropes course, the bowling-centre, the minigolf course and the adventure playgrounds. The high level of quality and attention to detail in service at LEGOLAND Deutschland Resort ensure that parents will enjoy a great Park experience around the clock. For kids, a visit to LEGOLAND is like a dream come true.
